## About this data

### ▼ [Abbreviations](#)

- LOWCOV = Low coverage: shown for the 'value added' measure and coverage indicator where schools have less than 50% of pupils included in calculation of the measure
- NA = Not applicable: figures are either not available for the year in question, or the data field is not applicable to the school or college
- NE = No entries: the school or college did not enter any pupils or students for the qualifications covered by the measure
- NEW = New school or college
- NP = Not published: for example, we do not publish Progress 8 data for independent schools and independent special schools, or breakdowns by disadvantaged and other pupils for independent schools, independent special schools and non-maintained special schools
- SP = Small percentage: the number is between 0% and 0.5%
- SUPP = Suppressed: in certain circumstances we will suppress an establishment's data. This is usually when there are 5 or fewer pupils or students covered by the measure (29 for apprenticeships measures). We avoid making these figures public to protect individual privacy. We may also suppress data on a case-by-case basis.
