

This year, our Harvest Festival focus was *Fair Trade*. Every year group learnt something about where our food comes from around the world. We believe that richer countries must look after poorer countries to help protect children's rights

Year 3 practising their role play of the old folk story, *Stone Soup*, which tells how a village of people shared their food together.

Year 4 role-playing the effects of fair trade for the farmer.

This picture of Year 6's fantastic song is just one of the inspirational memories from our best Harvest Festival yet!
